A Design Build & Consulting Company

Through the years we have had many requests from our home buyers for additions and improvements such as a sunroom, in-law apartment, or finished basement but we were not in the home improvement business at that time. We are now very excited to be in a position to offer these services. Our expertise enables us to visualize the project from start to finish, perform our services from the initial design of the project, to pulling permits, to putting keys in the door. We have the capacity to get the project done quickly with the utmost quality and value.

Our Team is Dedicated to Superior Professionalism and Attention to Detail

The Finished Product

To most of us, our home represents our most precious asset, so finding the right contractor can be a daunting task. Our talented craftsmen work neatly and respectfully. We will sit down with you and go over every aspect of your job before we begin. We make sure that when we are done with your project, you will be glad to refer other neighbors to us as well.

Please ask around—we're not afraid to display our work or our reputation. You can call us at (203) 272-3574 for a free estimate and consultation. We'll be happy to meet with you.

Testimonials.....

“I had a wonderful experience building with Ravenswood. The value we received exceeded my expectations and all people associated with the process were professional and courteous.”

* * *

“All representatives and employees with whom we had contact were competent, efficient, and seemed to have as their goal service and a genuine desire to accommodate our requirements and questions. We were impressed with the thoroughness which all of the staff provided for our ongoing involvement in all phases of construction.

* * *

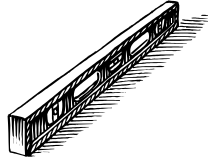

“An absolute pleasure and experience, from the very beginning.....nothing but pure professionalism. I had an idea of what to expect, but what we received went beyond our expectations.”

* * *

“Dealing with Ravenswood from start to finish was a great experience. We had everything laid out for us step-by-step, which avoided confusion and stress. Every time we had a question during construction, Ravenswood took the time to answer it. The quality was second to none.”

* * *

“We have been very pleased with the Ravenswood team. They have been helpful every step of the way – from laying out a customized floor plan to picking out our color scheme, their service has been extraordinary.”

We have the ability to handle all of your prospective needs by utilizing the services of our in-house CAD designer and estimator, who can provide personalized consultation services to help you design the perfect space. In addition, our abilities range from assistance with financing your project, obtaining the necessary permits, and managing the entire experience from design to completion.

The home improvement business has had its ups and downs, but when working with Ravenswood Home Additions our focus will be to make your project a pleasant and positive experience. Our team is dedicated not only to superior professionalism and attention to detail, but offering exceptional services at a reasonable price.

We stay involved in the local community and are active in trade associations such as the Home Builders Association of New Haven County, Home Builders Association of Connecticut, National Association of Home Builders, Better Business Bureau, and Cheshire Chamber of Commerce.
